

Save the Lachine Hospital

March 2023

Saturday March 18th at 2:00 pm

In front of the Lachine Hospital on 16th Avenue

A group of citizens, in collaboration with Dr. Paul Saba, are organizing a demonstration in front of the Lachine Hospital to prevent the CAQ from closing our community hospital.

We, the MUHC employees, know that our hospital is vital to the population and our hospital must remain complete with emergency, intensive care and specialized hospital services.

Closing the Lachine emergency rooms is putting at risk the health of citizens who will have to make longer ambulance trips to other emergency rooms.

The Lachine hospital is ranked 26th among the best hospitals in Canada. It is one of the highest ranked for its size!

We, the MUHC employees, are committed to this hospital with its human dimensions and we are wholeheartedly with the population to keep our community hospital.

Let's all bring our family and friends to demonstrate with the population in front of our hospital!

Lachine Community Hospital
We have it, we're keeping it
